MORE EQUITABLE DIRECTORS RESIGN

They Are A. J. Cassatt, Prest. of Penn. Ry., J. A. Stewart and John Sloane.

D. O. MILLS' WILL COME TODAY

Frick May Go to New York Life-Liberal Cash Offer for Mr Hyde's Holdings of Stock.

New York, June 6 .- Three more directors resigned today from the board of the Equitable Life Assurance society, and at least one more will retire tomorrow, making in all ten resignations since the present troubles of the

The resignation of A. J. Cassatt, president of the Pennsylvania Railroad company, was followed this afternoon by the announcement of the resignations of John A. Stewart, chairman of the board of directors of the United States Trust company, and John Sloane, prominent in banking and trust company circles. The resignation of D. O. Mills will be handed to President Alex-

Mills will be handed to President Alexander tomorrow. Mr. Mills was at first inclined to postpone action, but decided not to attend the meeting.

The other directors who have resigned from the Equitable board are H. C. Frick, E. H. Harriman, T. Jefferson Coolidge, M. E. Ingalls, Jacob H. Schiff and Cornelius N. Bliss.

The call for tomorrow's meeting of the Equitable directors gives notice that immediately upon adjournment of the regular meeting a special meeting will be held for the following purposes:

First-Of amending the by-laws so as to provide for the office of chair man of the board of directors and pre scribing the powers and duties of the amendments to the by-laws as may be submitted to the meeting.

Second—For the election of a chairman of the board to fill the office thus

Third-For the election of the chair-man an a director of the society. President Alexander was before Supt.

Hendricks for examination today, Among the stories which gained cir-Among the stories which gained cir-culation today was one to the effect that Henry C. Frick has been offered a position on the board of directors of the New York Life Insurance com-pany; that many of the directors of that combany have asked him to join the board, and that he is seriously consid-

ering the offer.

Mr. Frick resigned as a director of the Equitable last week, when the report of the investigating committee, of which he was the head, was not accepted by the board of directors.

There was a conference tonight, which Mr. Hyde was present with his legal adviser, famuel Untermeyer. Acwhich Mr. Hyde was present with his legal adviser, Famuel Untermeyer, According to the Herald, there was a full and free discussion of the selection of a suitable man for the position of chairman of the board, and the selection of Gov. Herrick of Ohio proved acceptable to all who were in attendance. The same paper says that report has it that before leaving for Cleveland Gov. that before leaving for Cleveland Gov Herrick expressed his willingness to take hold of the Equitable, providing he was given absolute freedom of acsured he would be unhampered in its

management.
"It is said," the Herald adds, "that Clov. Herrick, as the representative of the syndicate, had made a liberal cash the syndicate, had made a theeric can offer for Mr. Hyde's stockholdings; that if a transfer were made the control of the society would not only be vested in him as chairman of the board, with plenary powers, but in fact he would be in absolute control."

MOROCCAN SITUATION CAUSES SOME UNEASINESS

Paris, June 6.—The cabinet discussion today, while covering the general Mosocean situation, did not include a definite decision regarding the response which France proposes making to the suitan's proposition for an international conference. This question will be dealt with subsequently,
The resignation of M. Delcasse has

caused much uneasiness in parliamen-tary quarters, where a pessimistic view prevails concerning the relations be-tween France and Germany. Some deputies declare that a situation involv-ing possibilities of war has been nar-rowly averted, and that it will be difficult even now to reconcile the differ-ences already created.

Premier Rouvier appeared to give some ground for this view when he appealed to the deputies not to press their interpellations regarding Morocco, say

Interpellations regarding Morocco, saying that pending conditions require the fullest exercise of patriotism.

Some of the evening papers give sensational prominence to the lack of preparedness of French defenses on the German border. However, the Temps presents a more conservative view, declaring that the past error in seeking to ignore Germany must now be changed to a method of conciliation, an equal desire in that direction being displayed. ed to a method of conciliation, an equal desire in that direction being displayed on both sides. "The interests at stake," says the Temps, "are in the highest degree susceptible of arrangement, and both parties, agreeing in wishing for a solution, will doubtless work together with frankness and good will in order to attain it."

This is the prevailing tone of the influential press.

SUBMARINE BOATS.

Those that Were Used by Togo Made in America.

n Francisco, June 7 .- The Call says San Francisco, June 1,—The Cair says today;
I. T. Egan of New York, now registered at a local hotel, has been in the city for several months, off and on, directing the shipments of munitions of war to Japan. It has been learned that he had charge of the secret shipment to Japan of a fleet of submarine houts that performe, such inavailable service in the great mayal battle in the sea of Japan.

Egan is the representative of a Japanness firm in New York, who have been the medium through which Japan has been purchasing her material for war-fare.

fare.
The firm not only operated at this port but have shipped tons of war materia from Seattle and Victoria and their only failure was the refusal of local customs withorities to clear the liner Adato with her cargo of shells. The firm is said thave handled millions of dollars for the Tokio government and disbursed the greater part of this money in this contry.

BATTLESHIP OREL.

Her Hull Shows Forty Gaping Wounds.

of the Associated Press has been permitted to inspect the Russian battleship Orel, now lying at Maiseuru. The Oreiteceived a terrible battering. Her hull hows 40 gaping holes pierced by large thells and many smaller, where she had been hit while the superstructure, her poper works and upper decks were riddled

The Toilers in Our Factories.

No workmen in the world can do to much or use the same intelligence that our own
American work-men and women are capable of. That is why
America is now beating
the world in manufactures; all due to the
brain and muscle of our Yankee men and

Vankee men and women.

Unfortunately where there is amoke, dirt and dust and little sunlight there also can be found the germs of disease. Nature's great disinfectant is sunlight. It is in the factory, the work shop, the office, that men and women suffer from diseases which are in the dust and the bad air. Such disease germs enter into the blood in two ways, either through the lungs or stomach.

After years of experience in an active practice, Dr. R. V. Pierce, of Bufalo. N. Y., discovered a remedy that is a blood-maker and tissue-builder, at the same time alleviales a cough. He alled it Dr. Pierce's Golden Medical Distance.

that is a blood-maker and tissue-builder, at the same time alleviales a cough. He called it Dr. Pierce's Golden Medical Discovery—an alterative extract that assists in the digestion and assimilation of the food—so that the blood gets its elements from the products of digestion, the liver at the same time is started into activity and there is perfect elimination of waste matter. The germs of grip malaria, catarrhor consumption find a fertile field if the body is not kept in perfect order and the blood pure.

he blood pure.

Because the stomach is diseased there is a diminution of the red corpuscies of is a diminution of the red corpuscies of the blood. This is why one is sleepless, languid, nervous and irritable. Sensitive stomachs groan aloud at the irritating cod liver cits, but they will get all the food elements the tissues require by using the "Golden Medical Discovery."

The "Discovery" is absolutely a non-alcoholic and non-narcotic medicine. There is nothing else "just as good."

Dr. Pierce's Pleasant Pellets, the best laxative for old and young people. They cure constipation and billiousness.

by shells, steel fragments and splinters. The starboard forward 12-inch gun was smashed to feet from the muzzle, either by shell or by explosion. A fragment of the gun went over the bridge, smashing shell or by explosion. A fragment the gun went over the bridge, smashing o rail and after carrying away the each of a 12-pounder buried itself in a signal locker. From the main deck ward the condition of the vessel was rible to behold. Steel partitions were mashed, the gangway was broken and anchions were wrecked. Gear of various and covered the decks and the state of a clear of the covered the decks and the state of a clear of the several times. The mark of the innes increased the scene of desolution, he main armor belt is intact. The turst armor generally withstood the batters of from shells, although two of the 6-ch turrets were rendered unserviceable reshots which struck close to their ase. Several smaller guns were dissounted and smashed. A grewsome sight as a bulkhead bespattered with blood, agments of flesh and hair. The Orel is sound structurally although will be necessary to practically reconstruct her from the water line up. The ondition of the ship shows that the crew inderwent a terrible ordeal before they urrendered.

NEW YORK PROPERTY SOLD AT \$4 PER SQUARE INCH

New York June 7.—The sale to the Mercantile Trust company of St. Louis, just reported, of the famous plot of real estate at No. 1 Wall street at the corner of Broadway, has given rise to interesting compilations showing the great rise in property values in this

city,
At the figures named in the transaction, \$700,000, the plot brought about \$4 a square inch, possibly the highest The property measures only 30 feet on the Broadway side and has a frontage on Wall street of 39 feet 10 inches, It ontains 1,170 square feet.

The next highest figure on record in The next highest figure on record in connection with real estate transactions in this city was that paid in 1872 by Anthony J. Drexel for the site of the Morgan banking house at Broad and Wall streets. This property, measuring 171 square feet brought \$348.67 a square foot.

Said the attorney who conducted the

ust company's negotiations:
"I have not the slightest doubt that have secured for our clients the most caluable piece of real estate in the caluable piece of real estate in the whole world. There is only one Broad-way, only one Wall street and only No. 1 Wall street on earth, It is like-ly the present lease will be allowed to run to a close. Then of course the property will be improved in a manner keeping with its value and location."
For many years a drugstore occupied for many years a drugstore occupied the store room on the corner, which faces Old Trinity. Recently a cigar company obtained this room and now holds a lease for three years. The building is an ols fashloned fourstory brick almost lost to view among towering sky scrapers. It was erected more than 75 years ago at a cost of \$5,700. Today the annual taxes on the property slightly exceeds that figure. property slightly exceeds that figure. The ground was bought by one of the Silliman family in 1827 as a cost of \$19,275. It has remained in the family's possession since then. The oldest exdates from the beginning of the eighteenth century when it was sold for \$500 by a Dutch settler to an enter-

wising Irishman. prising Irishman.

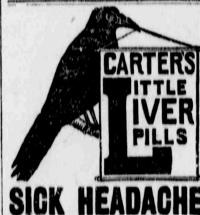

Benjamil Silliman who died in 1901, leaving the property to a sister, Fefused many fabulous offers for the ground but for some unknown reason would never sell. One instance is re-lated of a joker having offered him gold coins enough to cover the entire ground to which he agreed, providing they were set up on edge.

Weekly Crop Bulletin

Washington, June 6.-The weekly cropulletin issued by the weather bureau bulletin issued by the weather break says;

"The week ending June 5 was the most favorable of the season in the Rocky mountain region. Oklahoma has suffered from excessive moisture. On the Pacific coast the conditions were generally favorable, although portions of California and Oregon experienced temperatures too

Okiahoma and southern Kansas, Harvest has also begun in California, where wheat is maturing rapidly. On the north Pacific roast winter wheat is in promising condition, having experienced decided improvement in Washington.

"Under decidedly better temperature conditions in the spring wheat region spring wheat has made good progress, and is stooling well. In Washington spring wheat is in splendid condition, and has made rapid growth, and while the outlook in Oregon is favorable, low temperatures have been detrimental. Oats are heading as far north as Kansas."

FELL FROM EL CAPITAN AND WAS KILLED INSTANTLY

Yosemite, Cal., June 6 .- Charles A Bailey, a prominent resident of Berkeley, Cal., has been killed by falling from the precipice of El Capitan, a distance of 1,500 feet. In company with J. C. Staats of Mount Vernon, Ohio, Bailey started to climb the almost per-

pendicular face of the cliff, a feat which has never yet been accomplished. When they had climbed about half of the 3,000 feet ascent, they halted for treath. Bailey sitting on a narrow shelf and Staats clinging to the face of the rock below. Without a word Bailey began to slide, shooting downward a few feet to Staats' left. He fell headlong out of sight, striking his head sev eral times before he disappeared. Staats was horror-stricken, but, gath ring courage, he climbed down point where he found Bailey's hat point where he found Bailey's hat and a blood bespatiered rock. Further than this he was unable to go, and he coul not gain sight of the body. By almost superhuman efforts he made to the top alone, and at last reached the settlement almost prostrated from the physical and mental strain.

Guardian Harlow, with a large force of men and accompanied by Dr. Marin H. Fischer of San Francisco, started with Staats to the scene of the tragedy.

H. Fischer of San Francisco, started with Staats to the scene of the tragedy, but no word has yet come from them. This is the first fatality to a tourist ever recorded here. Bailey had just returned from a 14 months' trip around the world, climbing the Matterhorn and other mountains while absent. He has visited Yosemite for the past 16 successive summers. He was 50 years of age. The party searching for the body of Bailey located it at 11 o'clock today. J. A. Snell of Calistoga and H. Spaulding and F. Curry of Palo Alto were lowered by a rope 600 feet and by 1 o'clock had trought the corpse to a point where trought the corpse to a point where it could be carried by a horse to the wagon road. The body was badly mangled and most of the larger bones

GET-RICH-QUICK. Big Concern in Butte Raided by U. S. Officials.

were broken

Butte, Mont. June 6.—United States efficials today raided the office of the Montana Mining. Loan and Investment company here, arrested Daniel B. Jacobs, the secretary and treasurer, on a charge of having violated the United States postal laws in maintaining a lottery, and secured about 50,000 numbered tickets, as well as a list of agents in the United States and Canada. The concern is incorporated for \$12,000,000.

Henry L. Haupt, the president, is in Spekane. Officials there have been notined to arrest him.

A postoffice inspector caused the raid. His investigations indicate that the company is a gigantic "get-pich-quick" concern. The policy was to sell tickets for one, a hair or a quarter dollar, entitling the helder to a part of one share of the capital stock, par value, \$120. The holder of the ticket was entitled to make application for a loan, and the supposition is that if his ticket bore the number of a slip drawn when alleged drawings took place, he received a "dividend."

Jacobs has been released under bonds to appear before United States Commissioner Utter, June 22.

Girl Killed by Fall.

Bib Timber, Mont. June 6.—A fatal accident occurred today to Miss Edna Wadsworth, the 14-year-old daughter of G. A. Wadsworth of this city. Miss Wadsworth and her little brother were riding on a horse. A freight train was standing near the crossing, and as the little girl and her brother were passing the engine blew off steam, which frightened the horse, causing it to jump suddenly and dislodging the little girl. She fell heavily to the ground and her head struck on a sharp stone, which crushed her skull.

Chinese Woman Stabbed. San Francisco, June 7.—Sing Sam, wife of Ching Bing Lim, who is employed as a cook on one of the United States warships, was stabbed to death last night at the corner of Jackson and Stockton streets. The police are unable to ascertain who committed the crime, but two witnesses who reported the matter will be held, and it is expected that they may give the information that will lead to the identity of the assassin,

Italy Sends no Warships.

Rome, June 6 .- The statement that Italy has sent warships to Yemen, Arabia, as reported in Vienna, is untrue. An Italian citizen was killed there by mistake in the middle of May,
